Easter Course 2012

St Just Sports' centre, Cape Cornwall Road, St Just, Cornwall TR19 7JX
Monday 2nd to Friday 6th April 2012.
10-00am – 4.00pm each day (lunch 1-2pm)
Price: £30 per day / £150 for the week (accommodation £110 - 7 nights)

The Easter Course is a week long residential course in Cornwall which is suitable for both beginners and more advanced students. This course is an ideal opportunity to go into the various aspects of the Art in more depth. Also you will find that most of our advanced students and teachers will be attending this course so it's a good way to benefit from their experience as there is a high ratio of teachers to students. That means that there's plenty of high quality help on hand to give you the kind of guided personal development that you need as an individual. Plus there's also a chance to train with many of the students from around the country who are at your own level and share information and training tips they you have picked up along the way at your local class. And of course it's a great opportunity to get to know the other members of the group in a relaxed environment free from external distractions. Many of you will find familiar faces from your own local regions but there's also a chance to meet new people. Finally you can be assessed - if you wish - by the senior teachers, which is a great way to pin-point the areas you need to work on when you get back home.
